

Checking in

Teams can check in Friday the 11th of June as of 14:15 at the tournament office in the club house. This should be done by the team manager and the team captain. During your check in, you receive the tournament book, the keys to your accommodation and various paperwork concerning the tournament.

The Tournament

Friday night, after the opening manifestation, Ter Leede (winner 2009 and champion in the first league) and Bruchterveld (winner east cup) play an opening match. This match is followed by two rounds of group matches of the A- and B-tournament.

Saturday morning, we start the tournament at 08:30. The tournament has a very tight schedule. Teams have to report to the match coordinators and referee five minutes before their match starts. They are sitting under the party tent at the pitch. The toss will happen before the match. The start and end signal of a match is centrally given by the tournament office.

Teams

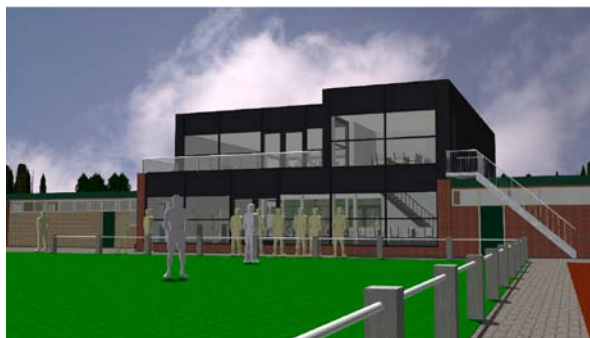

Recently, you received a players list. This list needs to be filled in with the following information: shirt number, first and last name, and the birth date. This form needs to be returned before the first of June to SV Gramsbergen, De Telgte 16, 7783 EV Gramsbergen, Holland.

Be ware, that during the tournament, player cards will be checked (only for the dutch teams). Make sure you bring your cards! Each team may have three guest players, only on the condition the player has a declaration in writing of the club she is a member of. Guest players have to be announced in advance.

Each team should bring backup shirts in a different colour. This is because lots of clubs have the same shirt colours.

Construction

Anyone who enter sports park 't Hoge Holt can see the marvellous new club house, that was built last year. Due to the many number of participants, the number of available dressing rooms is not sufficient. We ask teams that reside in bungalows to use their bungalow as dressing room. The bungalow park can be reached through the gates on the sports park. There are dressing rooms available for these players to leave a bag, use the toilet and to take a shower. The dressing room number to use is described in the tournament book.

Little club banner

You will play against clubs from abroad and perhaps your own country. It would be a very nice gesture to exchange a little club banner. If you wish to do this, please make sure you bring six of them.
